## LABELS

SPECTRUM OIL COLOURS  
259 Queens Road, London SW19 8NY

---

### RABBIT SKIN GLUE

1 Kilo

---

Sprinkle 3½ grams (1 level desertspoon) of the granules into 100 cc/3½ fl.oz of water in a double boiler or glue pot, and heat gently, stirring continuously, until glue has dissolved.

Apply the warm liquid size to stretched canvas by brushing out thinly.

Rabbit Skin Glue loses its strength with repeated heating.

Prepare only as much size as you need.

Use double strength size and two coats for rigid supports (wood panels etc.).
